TAUBMANS DYNAMEL

For all bright-colored Furniture in Kitchens, Bathrooms, Bedrooms, etc. For Dressers, Shelves, Ice Chests, Canisters, Ornaments and small household articles. For Doors and Woodwork—wherever color is needed—use Dynamel.

Anyone can do a good job with Dynamel. It smoothes itself out as you brush it on. The lovely mirror-smooth coating may be washed repeatedly without harm. You can paint with Dynamel leisurely and thoroughly—without hurry—yet it dries in ONE HOUR.

Every endeavour is made to ensure that the colors printed on this card are uniform in shade to the actual Dynamel colors in the containers, but users should be satisfied that the colors conform to requirements.

Sold in all sizes from 1 gallon to tinlets, also in Hobby size tins.
